NOVEMBER 2014

WAT in Bremen becomes Kibion GmbH.

To further strengthen the Kibion group, the subsidiary Wagner Analysen Technik GmbH is now called Kibion GmbH.

In August 2011 Kibion acquired WAT with the aim to become a complete solutions provider of both diagnostic breath tests and instruments. Today Kibion supplies test systems and high quality instruments to institutions, hospitals and laboratories in more than 50 countries globally.

Please note that it is only the name of the company that has changed. The same persons at Kibion in Sweden and Germany will continue to support you in your efforts to market and sell our products.

If you have any questions, please contact us for more information.

Best regards

Kibion AB and Kibion GmbH
